

## **2008 Air Toxics Summit**

### **Poster Presentations/Exhibit Information**

We welcome poster presentations on a specific project or activity related to *Air Toxics in the West* that can be displayed during the two days of the conference. Poster authors will be able to interact with participants at any of the breaks and during the networking evening social gatherings, to answer questions and provide additional information about their project or activity.

The posters will be displayed in conference room next to the main conference room. Six foot tables will be provided for individuals interested in displaying a poster, however, you will need to provide your own display board that can sit on the table.

You may use laptop computers and other electronic equipment for your poster presentation. However, the use of such equipment is intended to supplement the information on the poster/display. Poster displays made up of just a laptop computer or other electronic equipment are not permitted. If you use electronic equipment; you must provide the equipment and are solely responsible for it. We recommend that you only use the equipment during the scheduled poster sessions and do not leave it running unattended.

There is no fee for displaying a poster. Space is limited and will be reserved on a first-come, first-served basis. If you are interested in presenting a poster, we encourage you to submit an application as soon as possible.

We encourage you to consider a poster presentation on a current project, lessons-learned from an activity or project, a successful approach you have implemented to meet community needs, or an innovative approach for dealing with a challenging situation.

Please note that “commercial” posters are not allowed. Your poster is intended to present a visual account of an environmental outreach, education, or public project or activity, and not to market the qualifications of any particular individual or organization.

# 2008 Air Toxics Summit

## Poster/Exhibit Application Form

### **Presenter Information**

Name (*Mr./Ms.*): \_\_\_\_\_
